OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

JUL 31 2014

Subject: Aqua-Clear Alginate  
EPA Registration No.: 45309-18  
Amendment Dated: June 30, 2014  
EPA Receipt Date: July 2, 2014

Dear Mr. Jernigan,

This letter acknowledges receipt of the notification identified above submitted under the provisions of section 3 (c) 9 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended and PR Notice 98-10 and 40 CFR 152.46.

- To add marketing and information statements and one graphic element.

Based on a review of the submitted information, this notification is acceptable. Your proposed changes will be made part of the record for this file.

**General Comments**

Should you have any questions concerning this letter, please contact Emilia Oiguenblik at (703) 347 0199 or Velma Noble at (703) 308-6233.

Sincerely,

Velma Noble  
Product Manager (31)  
Regulatory Management Branch I  
Antimicrobials Division

[Step3]

{Optional Marketing Statement A:}

[SWIMMING POOL [ALGAECIDE] [ALGICIDE]]

[[Aqua Clear Alginate] {or} [This product] is the efficient and economical way to improve the appearance and cleanliness of your pool. It requires no special equipment for treating water and may be added directly to the pool or to the water circulating equipment.]

{Optional Marketing Statement B:}

SWIMMING POOL [ALGAECIDE] [ALGICIDE]

[[The BioGuard® Care System has three important parts that help you maintain crystal blue sparkling water.

- A sanitizer to control bacteria
- A shock to destroy contaminants
- A preventative [algaecide][algicide] to stop algae before it starts

All parts of the BioGuard Care System are vital to achieve beautiful water.]

[Aqua Clear Alginate]{or}[This product] is the preferred algae preventative for the BioGuard Care System. Weekly use of [Aqua Clear Alginate]{or}[this product] prevents algae before it starts. [[This product] {or} [Aqua Clear Alginate] is formulated to complement swimming pool sanitizers.] [This product] {or} [Aqua Clear Alginate] is a highly effective algae killer and algae preventative. The wetting agent in this product allows it to penetrate small crevices where algae are likely to form. [This product] {or} [Aqua Clear Alginate] is effective and non-staining when used as directed. [This product] {or} [Aqua Clear Alginate] will not evaporate and its algae fighting abilities actually increase as pool water temperature increases. [This product] {or} [Aqua Clear Alginate] provides a residual effectiveness that protects your pool against algae formation while keeping your pool water sparkling clear. This product protects the unattended pool from algae when you're away.]

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

**BEFORE YOU BEGIN:**

1. Ensure all pool equipment is working properly. Clean or backwash the filter following manufacturer's directions.
2. Adjust stabilizer levels to 30-50 ppm by adding Stabilizer.
3. Check water alkalinity, pH and calcium hardness with a test kit or test strip. Adjust alkalinity to 80-125 ppm for plaster pools, 125-150 ppm for vinyl or fiberglass pools by adding an alkalinity increaser. Adjust pH to 7.2 - 7.6 by adding a pH decreaser to lower pH, or by adding a pH increaser to raise pH. Adjust calcium hardness to 200-275 ppm for plaster pools, 175-225 ppm for vinyl or fiberglass pools by adding a calcium hardness increaser.
4. Check and adjust residual chlorine level to desirable range of 1-3 ppm.

[Aqua Clear Alginate] {or} [This product] is effective in controlling the growth of both green algae and blue-green (or black) algae. Add [Aqua Clear Alginate] {or} [this product] directly to pool by pouring around

9/12

entire outside perimeter of pool while filter and pump are in operation. To provide time for even distribution in the pool water, wait at least 15 minutes after application before entering pool.

**Pools with Visible Algae:**

If algae are visible, use 13.5 fl oz of [Aqua Clear Alginate] {or} [this product] per 10,000 gallons [5 ppm active quaternary] of pool water. After 24 hours clean out dead, settled algae. If algae is still present, repeat dosage as necessary.

**Pools with No Visible Algae:**

**Initial Application:** Add 6 fl oz of [Aqua Clear Alginate] {or} [this product] per 10,000 gallons of pool water [2 ppm active quaternary].

**Maintenance Application:** Add 1.5 fl oz of [Aqua Clear Alginate] {or} [this product] per 10,000 gallons of pool water [0.5 ppm active quaternary] every 5 - 7 days.

**Booster Application:** Add 1.5 fl oz of [Aqua Clear Alginate] {or} [this product] per 10,000 gallons of pool water when bather load is heavy or after prolonged rainfall.

**To Close Pool:**

Add 10.5 fluid ounces per 10,000 gallons along pool edges and allow filter and pump to operate for 2-4 hours. This will provide 4 ppm active ingredient in the water. This will help control algae growth over the winter months and make for easier clean-up in the spring. [Visit [the Aqua Chem Web-Site]-{or} [www.aquachem.com] {or} [the Pool Time website]-{or} [www.pooltime.com] for complete pool closing instructions.]] [Visit www.bioguard.com or consult your BioGuard dealer for complete pool closing instructions.]

10/12

{Alternate directions for use}

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Adjust pH to 7.2-7.6 [and free chlorine to 1-4 ppm] prior to use. Visit [website] for [free water analysis] [&] [personalized product and dosage recommendations].

**Use:** [Prevents & kills] {or} [Kills and prevents] common green algae for clear water.

<b>Dosage per 10,000 gallons</b>	<b>When/How to Use</b>
6 fl. oz.	<b>Season Start-up Prevention Dose</b> Add along pool edges while operating filter and pump.
1.5 fl. oz.	<b>Weekly Prevention</b> Add weekly while operating filter and pump.
13.5 fl. oz.	<b>To Kill Green Algae</b> 1. Add algaecide in areas of heaviest algae growth, operate filter and pump for 24 [hrs] [hours]. 2. After 24[hrs] [hours], brush surfaces and vacuum out dead, settled algae.

**Re-entry:** Wait at least 15 minutes after use before swimming.

**For best results:** Add an extra 1.5 fl. oz. per 10,000 gallons after heavy rain, frequent backwashing, or partial drain/refill. Make sure to brush surfaces on a weekly basis.

**[To Close Pool:** Add 10.5 fl. oz. per 10,000 gallons then operate pump and filter for at least 2-4 [hrs] [hours]. Visit [website] for pool closing instructions.]

11/12

**STORAGE AND DISPOSAL:** Keep this product in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Do not contaminate water, food, or feed by storage and disposal. **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling if available.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS KEEP OUT OF REACH OF CHILDREN. DANGER:** Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses, rubber gloves and protective clothing when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

*{When First Aid is not located on front panel of label, it will be separated by line rules from adjacent text and be in a different color.}*

**FIRST AID: IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [IN CASE OF MEDICAL EMERGENCY, CALL [1-303-623-5716] [1-877-800-5553] [1-866-366-5048] [telephone number supplied by supplemental registrant].]**

**Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage.

**PHYSICAL AND CHEMICAL HAZARDS:** Do not mix with other chemicals.

**ENVIRONMENTAL HAZARDS** This pesticide is toxic to fish and aquatic invertebrates.

**[NOTE:** User assumes all responsibility for use not in accordance with directions.]
